

BCM[®]

BCM[®] MK15 TIME PIECE

AMERICAN DESIGN **SWISS MADE**

THE BCM EDC LINE RETURNS WITH

THE MK15 TIME PIECE

A ruggedized Swiss made watch, the Mk15 features applied Super-LumiNova X1 on the hands, Arabic numerals and hour markers delivering capability in low light or subsurface conditions. Available with Black Dial/Bezel (Mod 1), Gradient Blue Dial/Black Bezel (Mod 2), and Green Dial/Black Bezel (Mod 3), the Mk15 delivers the same reliability as any other BCM component.

DIALED IN

Measuring 43mm, the large dial ensures legibility through a flat sapphire crystal with two layers of anti-reflective coating applied to the inside. Protecting the dial and ensuring a fast read from any angle, the Mk15 also features 200 meters of water resistance.

Housed in slim but capable 12mm Satin 316L Stainless Steel case, the Mk15 will patina with use, telling the story of your time together while protecting the movement inside.

Powered by a quartz 5 Jewel/Gold Plated EOL RONDA Movement, known for both durability and accuracy. With an onboard Lithium CR2016 Battery, the Mk15 Mod 1, 2 or 3 will provide years of reliable time-keeping with minimal user input.

SET IT AND FORGET IT

STRAP MONSTER

Including alternate two-piece NATO straps in addition to the Satin 304 Stainless Steel bracelet with deployment clasp, the Mk15 features a 24mm lug width to guarantee a secure and stable wearing experience.

The background of the image is a stylized American flag, rendered in shades of gray. The stars are arranged in a grid pattern on the left side, and the stripes are horizontal bands on the right side. The overall tone is dark and monochromatic.

SWISS MADE AMERICAN DESIGN

Designed with input from combat veterans, the BCM Mk15 Time Piece is made to serve as a dependable daily driver on your wrist or during contingency. This Swiss made limited offering of 200 pieces (per Mod) is available now on our website.
